<b>A CLASSIFICATION OF SUBJECT MATTER</b>				
1PC(7) A61K 31/44				
US CL 514/278, 546/15, 16, 19, 20, 435/240 2, 6				
According to International Patent Classification (IPC) or to both national classification and IPC				
<b>B FIELDS SEARCHED</b>				
Minimum documentation searched (classification system followed by classification symbols) U S 514/278, 546/15, 16, 19, 20, 435/240 2, 6				
Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched none				
Electronic data base consulted during the international search (name of data base and, where practicable, search terms used) Please See Continuation Sheet				
<b>C DOCUMENTS CONSIDERED TO BE RELEVANT</b>				
Category *	Citation of document, with indication, where appropriate, of the relevant passages	Relevant to claim No.		
A	US 6,291,469 B1 (FISHER et al ) 18 September 2001 (18 09 2001), see entire document	1-36		
A	US 6,528,534 B2 (FISHER et al ) 04 March 2003 (04 03 2003), see entire document	1-36		
A	WO 97/48444 A1 (BECTON DICKINSON & CO ) 24 December 1997 (24 12 97), see entire document, especially pages 49-50	1-36		
X	US 2002/001 8992 A1 (KAMB) 14 February 2002 (14 02 2002), see [0101]-[0103]	38-41		
X	US 5,262,319 A (IWATA et al ) 16 November 1993 (16 11 1993), see column 24, lines 10-50	37		
<input type="checkbox"/> Further documents are listed in the continuation of Box C <b>D</b> See patent family annex				
<table border="0"> <tr> <td> <b>* Special categories of cited documents</b>            "A" document defining the general state of the art which is not considered to be of particular relevance            "E" earlier application or patent published on or after the international filing date            "L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)            "O" document referring to an oral disclosure, use, exhibition or other means            "P" document published prior to the international filing date but later than the priority date claimed         </td> <td>           "T" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention            "X" document of particular relevance, the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone            "Y" document of particular relevance, the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art            "&amp;" document member of the same patent family         </td> </tr> </table>			<b>* Special categories of cited documents</b> "A" document defining the general state of the art which is not considered to be of particular relevance "E" earlier application or patent published on or after the international filing date "L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified) "O" document referring to an oral disclosure, use, exhibition or other means "P" document published prior to the international filing date but later than the priority date claimed	"T" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention "X" document of particular relevance, the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone "Y" document of particular relevance, the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art "&" document member of the same patent family
<b>* Special categories of cited documents</b> "A" document defining the general state of the art which is not considered to be of particular relevance "E" earlier application or patent published on or after the international filing date "L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified) "O" document referring to an oral disclosure, use, exhibition or other means "P" document published prior to the international filing date but later than the priority date claimed	"T" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention "X" document of particular relevance, the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone "Y" document of particular relevance, the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art "&" document member of the same patent family
